

State of California
Regional Water Quality Control Board
San Diego Region

EXECUTIVE OFFICER SUMMARY REPORT
August 13, 2003

ITEM: 22

SUBJECT: Status Report: City of San Diego, Water Recycling Program
(*David Hanson*)

PURPOSE: Informational presentation

PUBLIC NOTICE: The public was notified of this item in the agenda notice for the August 13, 2003 meeting, which was mailed on July 25, 2003.

DISCUSSION: During adoption of Order No. R9-2002-0025 (Waste Discharge Requirements and NPDES permit for the City of San Diego E.W. Blom Metropolitan Wastewater Treatment Plant Discharge to the Pacific Ocean through the Point Loma Ocean Outfall) at its April 10, 2002 meeting, this Regional Board asked the Executive Officer to provide the Board with annual status reports on the City of San Diego's water reclamation efforts.

The City of San Diego (City) has two large water reclamation plants: the North City Water Reclamation Plant with a capacity of 30 MGD and the South Bay Water Reclamation Plant with a capacity of 15 MGD. A representative from the City's Water Department, the entity responsible for marketing and distribution of reclaimed water produced by the City, will provide a presentation for the Board.

LEGAL CONCERNS: None

SUPPORTING DOCUMENTS: Additional material regarding this item will be provided to the Board prior to the August 13 meeting.

RECOMMENDATION: No formal Board action will be taken on this item.
